

Name of Society

- Bahrain Society of Engineers (Professional engineering organization)

Mailing Address

- P.O. Box 835; Building 230 Road 41; Al-Shabab Avenue 341 • Manama, Kingdom of Bahrain

Phone and Fax

- Phone: 973-17727100
- Fax: 973-17729819

Email and Internet

- Email: mohandis@batelco.com.bh
- Website: www.mohandis.org

Society President

- Mr. Masoud E. Al-Hermi

Chief Staff Person

- Mr. Jaffar Alsameikh

Official AASA Representative

- Mr. Masoud E. Al-Hermi

Number of Members

- 1788

Objectives of Society

- Contributing towards the industrial and construction development in the country
- Contributing towards regulating the engineering practice and raising its standards in association with other competent parties
- Advocating the professional interests and rights of its members
- Bolstering the associations of amity and fellowship among its members

- Strengthening relationships and promoting scientific and technical co-operation between engineers in Bahrain and their colleagues in Arab countries and all over the world.
- Conducting academic and practical research and promoting them by way of publication, competitions, conferences, lectures and academic visits, as well as exchanging information between the Bahrain Society of Engineers and counterpart societies in other countries.
- Delegating arbitrators and opinion experts in engineering issues if commissioned to do so.
- Encouraging professional engineering training and development in Bahrain by using all available means and methods.
- Maintaining the code of ethics of the engineering practice and its conduct practices.

Publications

- Al-Mohandis Magazine (Quarterly)
- Al-Mohandis Time (Monthly/electronic)
