## INFORMATION

**Established:** 1930  
**Individual Members:** 5,500

**Corporate Members:**  
**Office personnel:**

**Objective(s):** FINVAC is a joint organization in Finland, in which four national societies of HVAC organizations (SuLVI, VSF, SIY, LIVI) participates. The societies are professional and technical societies devoted to promoting the arts and sciences of heating, ventilating, air-conditioning and allied technologies and to inform and training activities in this field.
